10 March 2011

Dear Pete,

Thank you for your application for the registration of your organisation to the Scheme for the Registration of Authorised Persons.

As a result of your existing accreditation to ISO 9001:2008 it will not be necessary for ASLEC to carry out an initial audit of your Organisation and therefore I am pleased to inform you that your application has been accepted.

You are now able to proceed and register your employees to the Highway Electrical Registration Scheme – please refer to the flowchart in Clause 6 of the Highway Electrical Registration Scheme Handbook for further information.

Once you have registered your employees we will provide you with a certificate of registration for the organisation, and you will be added to our website as a registered organisation. You will need to make sure the registration of your employee(s) is always valid and up to date, in order to ensure that you are able to continue receiving the HERS certificate which is issued annually.

You need to contact your accreditation body and arrange for them to re-assess you to show compliance with National Highway Sector Scheme 8.

Finally, should you wish to apply for membership of ASLEC, please contact the ASLEC office by email or phone on 01273 491145 or complete and send in the ASLEC Membership application form available at <http://www.highwayelectrical.org.uk/ASLEC/downloads.htm>.

Yours Sincerely

Caroline Henderson  
Administrator
